take your car with you

enjoy a drink without the worry of finding your way home

0113 3508991

a fully insured chauffeur will come out to you on a scooter. the scooter will be folded up, put into a protective bag & stowed away in your car boot

you and your car will be delivered to your specified destination

What is Collect a Car?

In essence we are a fold up Scooter Company that collects you and your car when you're over the drink drive limit.

How does it work?

We put a fold up scooter inside a secure padded holder and then into your boot. We will then drive you and your car home, dropping your friends off en route to your destination, meaning you and your car are at home the following morning. We then unfold our scooters and continue on our way.

NEW OFFICE OPENED IN HARROGATE
